01.

What is the Workshop

What is the Workshop

The Workshop is a **week-long project** activity in which students develop a project under the guidance of a professional expert or a visiting professor.
It represents an opportunity for students to get to know the professional world and to approach different ways of interpreting the project.
The Workshop aims to simulate in time and manner what happens in the professional practice during the definition of the project concept, stimulating design synthesis skills.

02.

Where it is in the Study Plan

Where it is in the Study Plan

The Workshop is a mandatory course in every Study Plan.

Each course of study, according to its educational objectives, places it in a different moment of the study programme.

MSc

2nd year
1st semester

Communication Design

In the Educational Rule of the Programme, there is a Workshop **both** in the **1st and in the 2nd year, in the 1st semester** (In **February - in two different weeks);** it **worths 6 cfu**.

The Workshop in the 2nd year is called **Workshop 2** and the student may choose its theme by answering the call, that is opened before the WS is run. Those who do not express a preference are automatically assigned to a Workshop section.

The result **is a grade in a 30/30 scale.** It is necessary to register for the exam before the end of the WS, in order to have the relevant grade registered in the study plan.

Students'survey on the WS: when registering for the WS exam, students will be asked to express their opinion on the activity carried out; the survey will show from their online services when registering for the exam: the link "go to questionnaire completion" will appear. They will need to first fill out the survey and then **remember** to complete the registration for the exam.

Timetable

Timetable

The Workshops' timetable is published in December on the School's website.

At **the study plan presentation,** the Academic Calendar already shows the weeks when the activity will take place.
The Workshop 2 will be offered in **February,** at the end of the 1st semester.
This period correspond to the exam session, that will be suspended for the programmes involved in the workshops.
When deciding to register for an exam date, please check your Workshop calendar beforehand.

Timetable

Students may indicate their interest by submitting their application through the Online Services from **November 28th to December 12th, 2022, at noon.**

The workshop will run from **February 13th to 17th, 2023.**

		February 6th to 10th, 2023 (Sat., Feb 11th on Faculty's request)	**February 13th to 17th, 2023** (Sat., Feb 18th, on Faculty's request)	**June 5th to 9th** (Sat., June 10th, on Faculty's request)
COMMUNICATION DESIGN	**C1 - 1st year**	**Workshop 1** Prof.ssa Scuri	-	-
	C2 - 1st year	**Workshop 1** Prof. Savasta	-	-
	C3 - 1st year	**Workshop 1** Prof.ssa Mitrovic	-	-
	2nd year **Answer the call to be assigned to the WS**	-	**Workshop 2** Prof. Van Eekelen Proff. Černe Oven / Pedran Prof. Allard	-

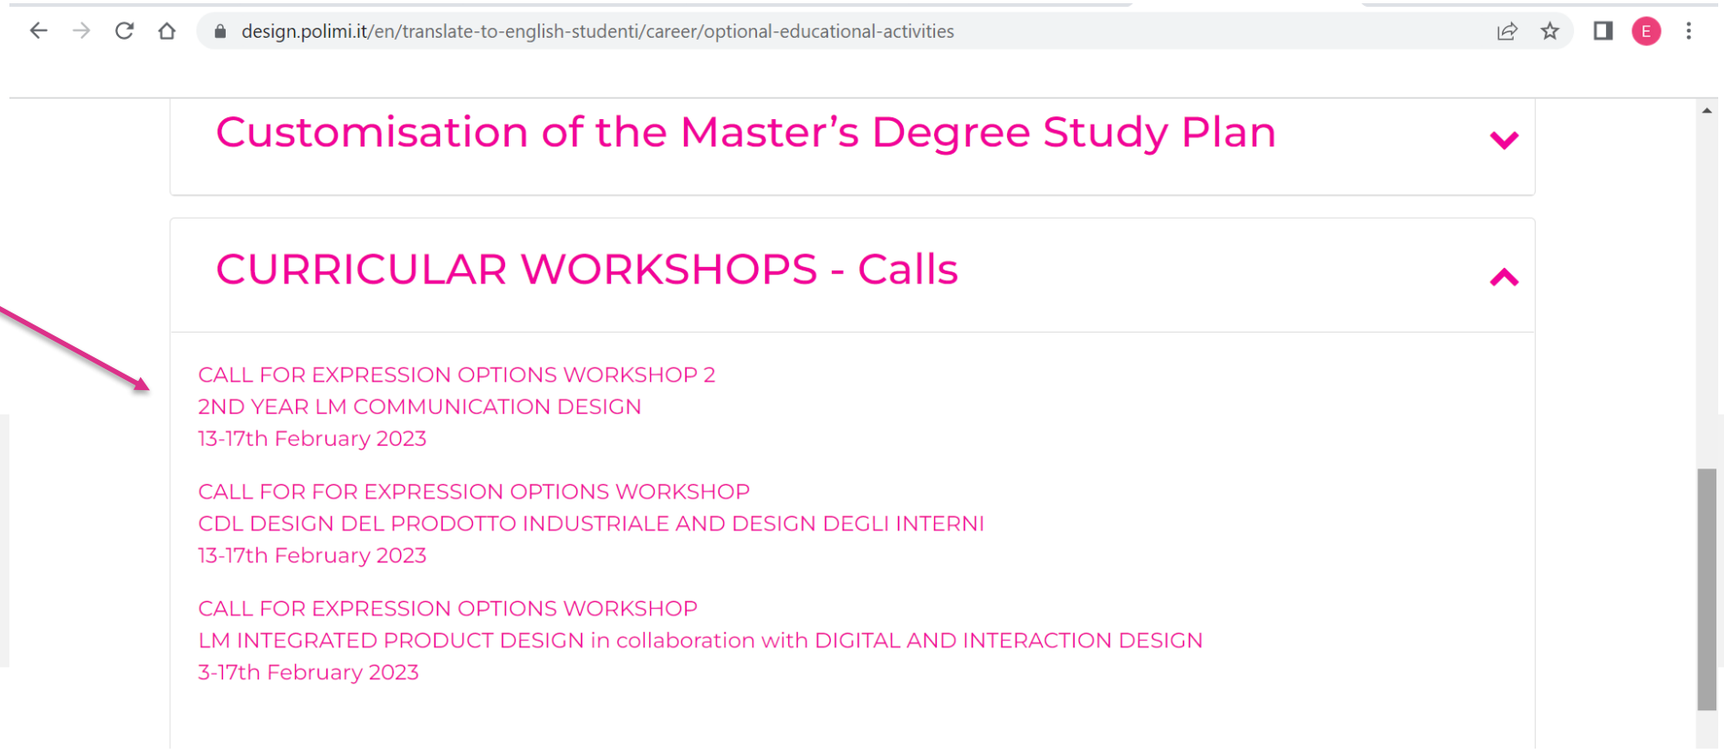
04.

Workshop Choice

How to choose the Workshop

The call to express your options is published on the School's website.
Students receive a notice by email few days before the call is open.



05.

How it works

Attendance

As the Laboratories classes, the Workshops require **mandatory attendance**.

If the student cannot attend the minimum required amount of hours, will need to attend a new workshop the following year.

How does it work

1 THEME PRESENTATION

Meetings with compulsory attendance before the start of the Workshops: the Faculty and the company present the workshop topic.
Always check the Polimi e-mail.

2 WEEKLY ACTIVITY

The Workshop usually lasts one week from 9.15 am to 6.15 pm.
The professor will decide whether to run the Ws in groups or individually.

3 EXAM REGISTRATION AND STUDENTS' SURVEY

Students must register to the exam.
Registration for the exam opens in the middle of the week of the workshop.
They also must fill in the mandatory Students'survey on the students' opinion on the WS.

4 FINAL PRESENTATION

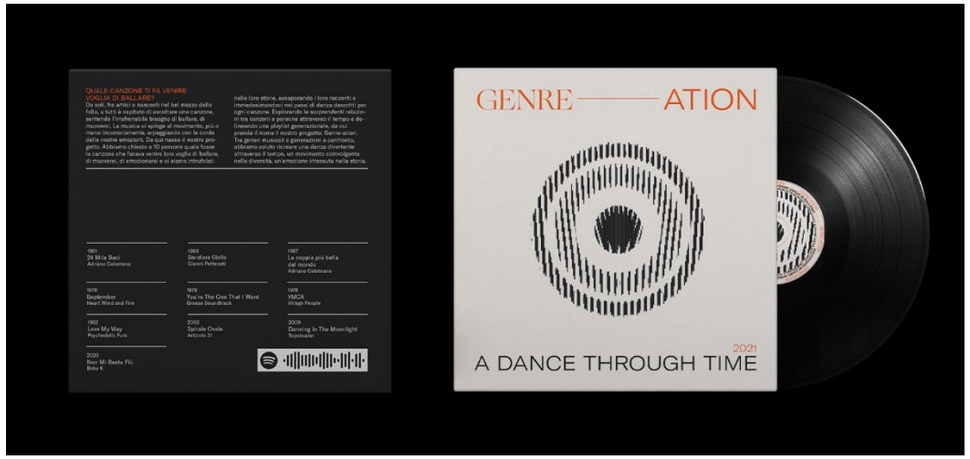
On the last day of the Workshop, or on a later date indicated by the professor, you will be asked to present your project.

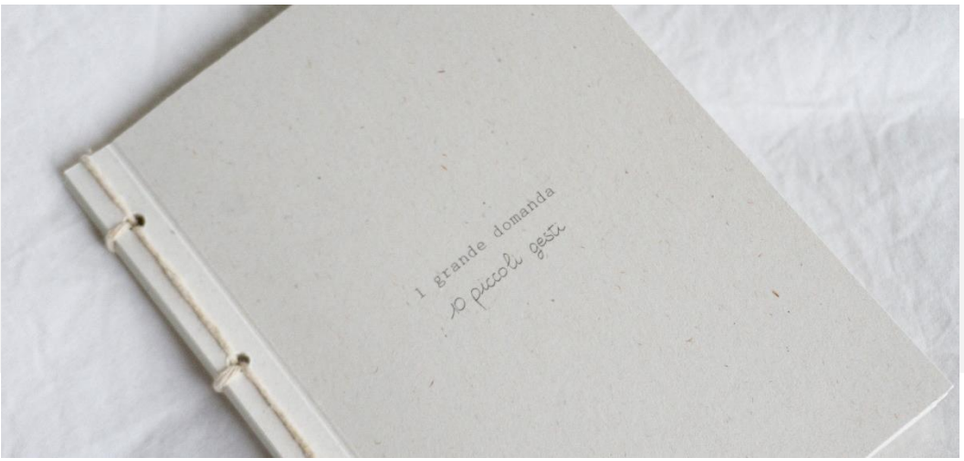
06.

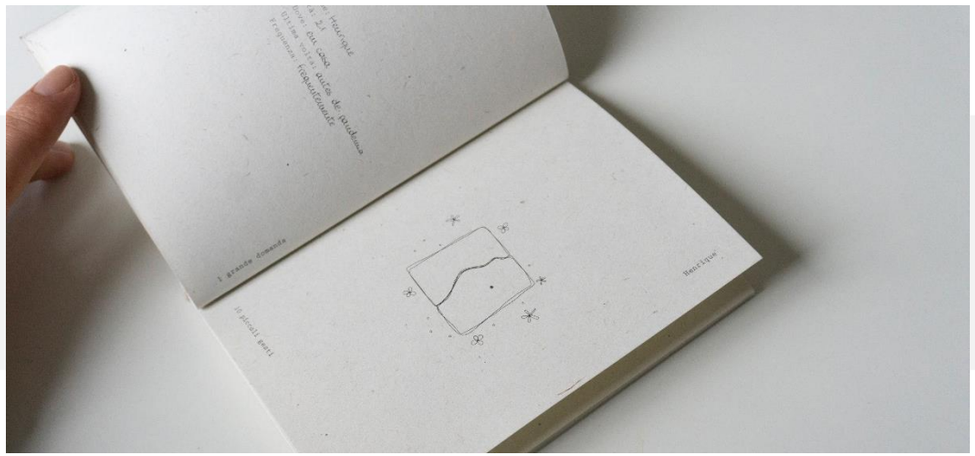
Past Years

Past years projects

The Workshop is also a great chance to meet different companies understanding their needs and expectations while working in an intensive week with people from different backgrounds.







Thanks for the attention
