Our Bachelor Programs

Each Bachelor program is divided in sections. The main difference among the sections in each program is defined mostly by the design studios: **LABORATORIO** (Design Studios) and the **WORKSHOPS,** the other courses are mostly the same indifferently from the section. The Design studios from the same program will share the same objectives but they may have a **different topic** to work on.

PRODUCT DESIGN	**P1-P5** 5 sections	
INTERIOR DESIGN	**I1-I5** 5 sections	
COMMUNICATION DESIGN	**C1-C3** 3 sections	
FASHION DESIGN	**M1-M3** 3 sections	

Our Master Programs

Each Master is divided in sections. For some programs the main difference among the sections is defined by the design studios: **LABORATORIO** (Design Studios) and **WORKSHOPS**.
Other programs are divided into sections according to the language in which courses are held: **ENG** or **ITA**.

Learning Agreement

Commitment

By signing this document, the student, the Sending Institution and the Receiving Institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Sending and Receiving Institutions undertake to apply all the principles of the Erasmus Charter for Higher Education relating to mobility for studies (or the principles agreed in the Inter-Institutional Agreement for institutions located in Partner Countries). The Sending Institution and the student should also commit to what is set out in the Erasmus+ grant agreement. The Receiving Institution confirms that the educational components listed in Table A are in line with its course catalogue and should be available to the student. The Sending Institution commits to recognise all the credits gained at the Receiving Institution for the successfully completed educational components and to count them towards the student's degree as described in Table B. Any exceptions to this rule are documented in an annex of this Learning Agreement and agreed by all parties. The student and the Receiving Institution will communicate to the Sending Institution any problems or changes regarding the study programme, responsible persons and/or study period.

Teaching modalities 2022-2023

Teaching Modalities

The didactic activities in **this academic year 2022-2023** will be offered **in presence**, even though Professors will have the possibility to **set some courses and/or lectures online**. This will depend on the course structure and will be defined by the Professors.
Professors will explain the course structure in the first lesson and the modality to attend the lessons.

Politecnico will ensure the access of the lessons in **presence in complete safety**, and in respect with the dispositions defined by the government.

Courses last one semester and are held once per year.

The attendance in the Design studios and workshops is mandatory: to achieve attendance, it will be necessary to acquire a minimum 80% of attendance

Some monodisciplinary and integrated courses, may be available for non-attending students. Otherwise, the attendance is required as per the Design studios.

Read the course details of each course to be updated about the attendance requirements.
