

REPORT ESPERIENZE AL RIENTRO DALLO SCAMBIO A.A. 2018-2019

UMPRUM - VYSOKA SKOLA UMELECKOPRUMYSLOVA V PRAZE - Art, design (REP. CECA) - CZ PRAHA05

Anno di corso 2° LM

Corsi di studi Moda / Design for the Fashion System

Esperienza a livello accademico

It was the best ever, you can have a lot of freedom there. And the professors, classmates are helpful. You have a lot of chance to practice by yourselves. And there are a lot of traditional workshops which you can participate in in your spare time. And I also really like the final exhibition of each semester which is open to the public.

Esperienza a livello personale

Personally I prefer artistic way of teaching so I think That's the perfectest place for me. Everyone is willing to greet to you even you don't know each other. I have been to a lot of interesting exhibitions there. And I was also shocked that the galleries there had a lot of cooperation with students. You can have a lot of chance to show your works. Also Prague is a beautiful city. And the location of the university is quite in the center nearby the river. I like my experience very much and I hope I can go back there one day!

Anno di corso 2° LM

Corsi di studi Prodotto / Integrated Product Design

Esperienza a livello accademico

L'università, per quanto riguarda design del prodotto, non approfondisce particolarmente la fase progettuale. I corsi a scelta sono invece particolarmente interessanti e variegati.

Esperienza a livello personale

Ottima esperienza, divertente e costruttiva. Possibilità di confrontarsi con molte persone provenienti da contesti diversi.
