

education for FASHION-TECH

*design and technology for future
fashion creatives*

October 17th, 2020
from **11:30 am CET to 6:00 pm CET**

Participation is free and registration will be
soon available at <https://www.e4ft.eu/>

Where is fashion education heading?

Join us for a digital conversation on how
fashion-technology is shaping future
fashion creatives.

3 roundtables dedicated to

- **Fashion-Tech Today**
- **Innovative Educational Tools**
- **Future scenarios**

The conversation will engage start
ups, independent designers and
companies that will share their
perspectives on fashion-tech possible
futures for education and industry.

The event is organized by **Politecnico di Milano - Design Department, Swedish School of Textiles - University of Borås, School of Design and Technology, London College of Fashion, UAL**, within the framework of the Erasmus+ Strategic Partnership Project “**Education for Fashion-Tech (E4FT)**” with the aim of offering trainers, practitioners, students, Higher Education Institutions (HEIs), stakeholders, opinion leaders and policy makers research data and reference points for developing an integrated Fashion-Tech approach into curricula, didactic and learning approaches, product development processes, and programmes for social and economic growth.
