Final Synthesis Design Studio Presentations

In the first week of September, Professors from each Final Design studio will present the topic of their design studio.

In this way, students from the following Programs will have the possibility to **choose** and indicate their preference when submitting the study plan:

Interior and Spatial Design
Integrated Product Design
Communication Design

2nd year students will receive an invitation to join the presentations on their polimi.it mail.

Do not miss it!

The complete calendar will be also published on our website:
https://www.design.polimi.it/en/

Study Plan Submission

The study plan submission is done only **once per year**. Therefore it includes the courses to attend in the 1st and 2nd semester of each academic year.

The student can decide how many credits to include in the Plan from 30 to 80 credits. Depending on the number of credits included, the amount of **the tuition fees may vary**.

Before inserting optional courses in the Study Plan, check the course details and its schedule; you can find them online from the end of July.

You can find online this video tutorial to help you when submitting the study plan.

For more details about the study plan submission check:
How to submit the study plan

If you need to **search the courses and read the courses details** you can see a simple **tutorial** on how to search them on the website in this link: **How to search for courses**

Teaching Modalities

The didactic activities in the **next academic year 2022-2023** will be offered **in presence**, even though some courses and/or lectures will be **set online**.

Politecnico will ensure the access of the lessons in **presence in complete safety**, and in respect with the dispositions defined by the government.

The attendance in the Design studios and workshops is mandatory: to achieve attendance, it will be necessary to acquire a minimum 80% of attendance is necessary

Some monodisciplinary and integrated courses, may be available for non-attending students. Otherwise, the attendance is required as per the Design studios.

Read the course details of each course to be updated about the attendance requirements.

Ambassador Path

WHAT

High-level training courses aimed at creating new professional figures in
GREEN TECHNOLOGIES , **SMART INFRASTRUCTURES** and **INCLUSIVITY DESIGN**

AMBASSADOR POLIMI GREEN TECHNOLOGIES

AMBASSADOR POLIMI SMART INFRASTRUCTURES

AMBASSADOR POLIMI INCLUSIVITY DESIGN

- Have skills in specific areas consistently with the training project (green/smart/inclusivity)
- Acquire enabling digital technologies in line with the profile
- Master interdisciplinary tools, methods, and aptitude for a systemic vision
- Develop talent to operate in interdisciplinary and multisectoral contexts acquired through exposure, even in teams, to case studies and challenge

WHAT

Study plan of at least 130 CFU (120 + 10 CFU)

30 credits Green or Smart or Inclusive

12 CFU + **18 CFU (at least)**

EFFECTIVE COURSES WITHIN THE MSC

Core courses (Table A)

6 CFU EFFECTIVE COURSES + 12 CFU EXTRA COURSES (at least)

Transversal courses (Table B)

The specific Ambassador certification will be reported in the Student's Diploma Supplement and a digital badge will be issued by Politecnico di Milano.

WHAT

MSc PROGRAM	GREEN TECNOLOGIES	SMART INFRASCTRUCTURES	INCLUSIVITY DESIGN
Integrated Product Design	X	X	
Communication Design		X	X
Product Service System Design		X	X
Digital and Interaction Design	X		
Design & Engineering	X	X	

HOW

Students need to ANSWER THE CALL through Online Services

Call available to students in the 1st and 2nd Year of MSc

- ✓ Digital and Interaction Design
- ✓ Communication Design (**Smart**)
- ✓ Design & Engineering

Call available to students in the 1st Year of MSc (enrolled in 2022)

- ✓ Integrated Product Design
- ✓ Communication Design (**Inclusivity**)
- ✓ Product Service System Design

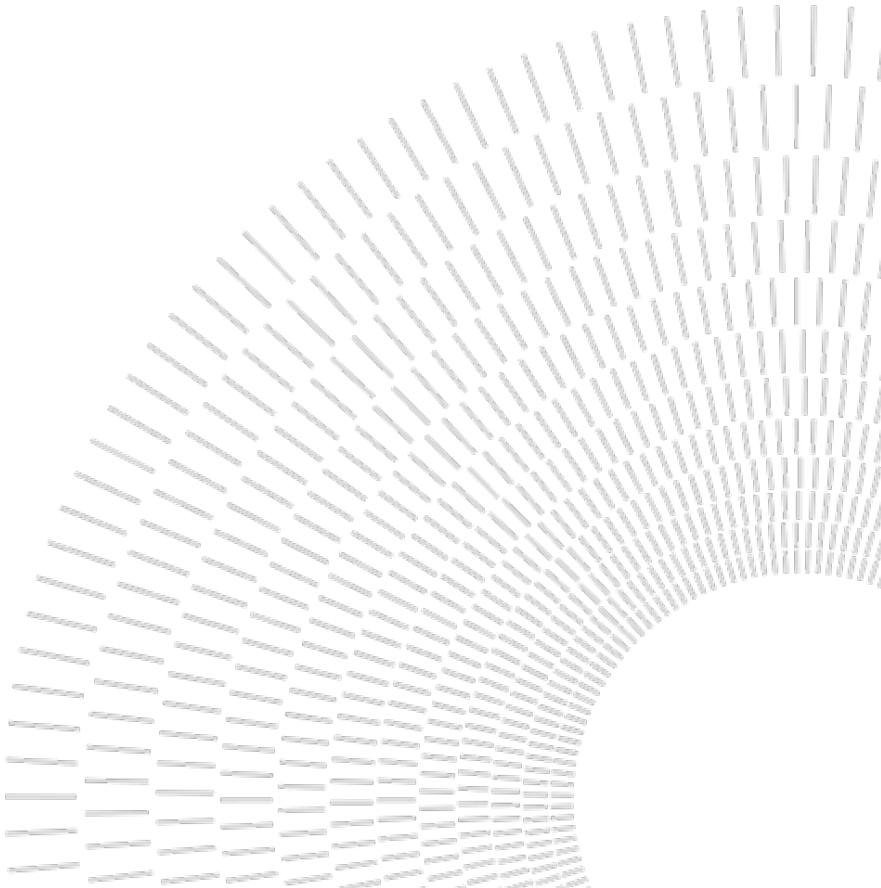
The call will be open in the 1st and the 2nd semester

The Ambassador chosen in the 2nd call needs to be coherent with the study plan registered in the first semester

Changes in the study plan are not allowed in the 2nd semester for Design School

HOW

The registration to the Ambassador Path is not compatible with any Double Degree Program (at Poli or abroad)



Internships

Internships

The internship/traineeship, **allows you to verify and complete the theory and methods learned during the course of study through a concrete approach to the job market and professionals.**

There are two types of **curricular** internships:

1. CURRICULAR COMPULSORY INTERNSHIP

This is the internship foreseen by the degree program of students enrolled in the Master's Degrees.

2. CURRICULAR *NON* COMPULSORY INTERNSHIP

May be held by: - Students who aim at developing a Master Thesis through an internship; or - A student who simply wants to do a training on the job experience. Students must activate the compulsory internship to complete the study plan and may additionally activate one (or more) noncompulsory ones. However, this internship must be completed before the thesis is discussed.

3. EXTRACURRICULAR INTERNSHIP

It is any internship undertaken by a graduate and can start up to 12 months after the graduation, with a maximum of 6 months for each experience.

1.
CURRICULAR COMPULSORY INTERNSHIP
Appears in the study plan
Involve the recognition of CFUs
rap-scdesign@polimi.it

2.
CURRICULAR *NON* COMPULSORY INTERNSHIP
Does not appear in the study plan
Does not involve the recognition of CFUs (however, the activity must include contents related to the course of study)
careerservice.stage@polimi.it

3.
EXTRACURRICULAR INTERNSHIP
managed by

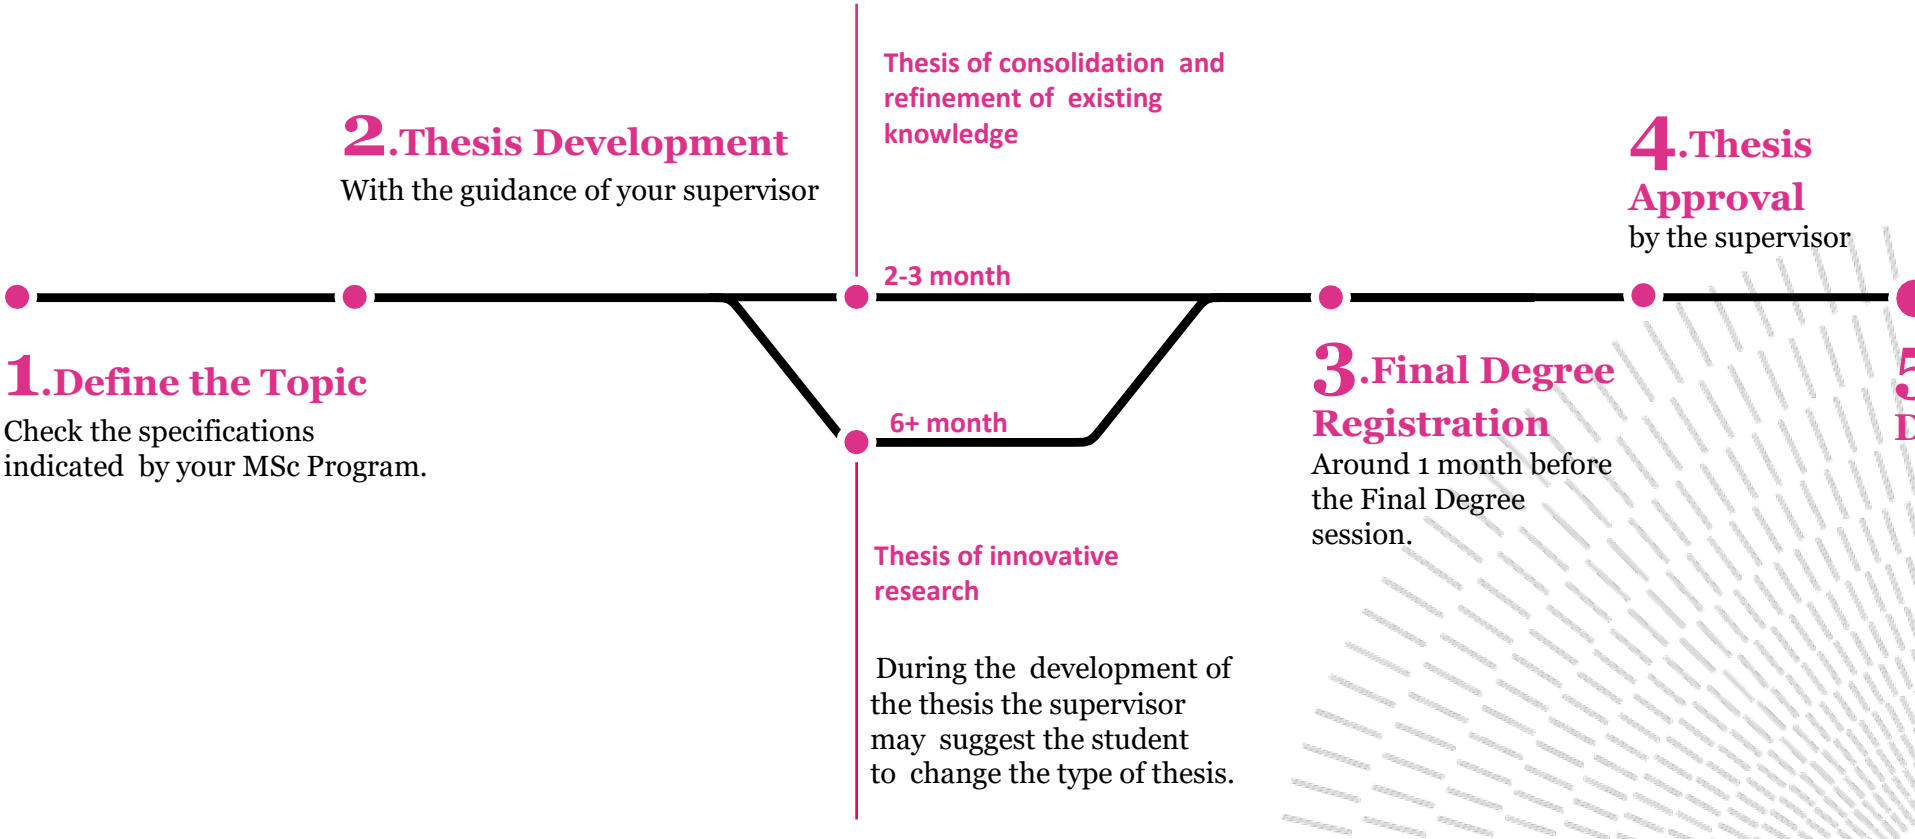
Final Thesis

FINAL THESIS

Process from the thesis development to the final degree



1. DEFINE THE THESIS TOPIC

Students have different alternatives to define the thesis topic, it's important however to verify the specific requirements your program may have.

In general, the thesis topic can be:

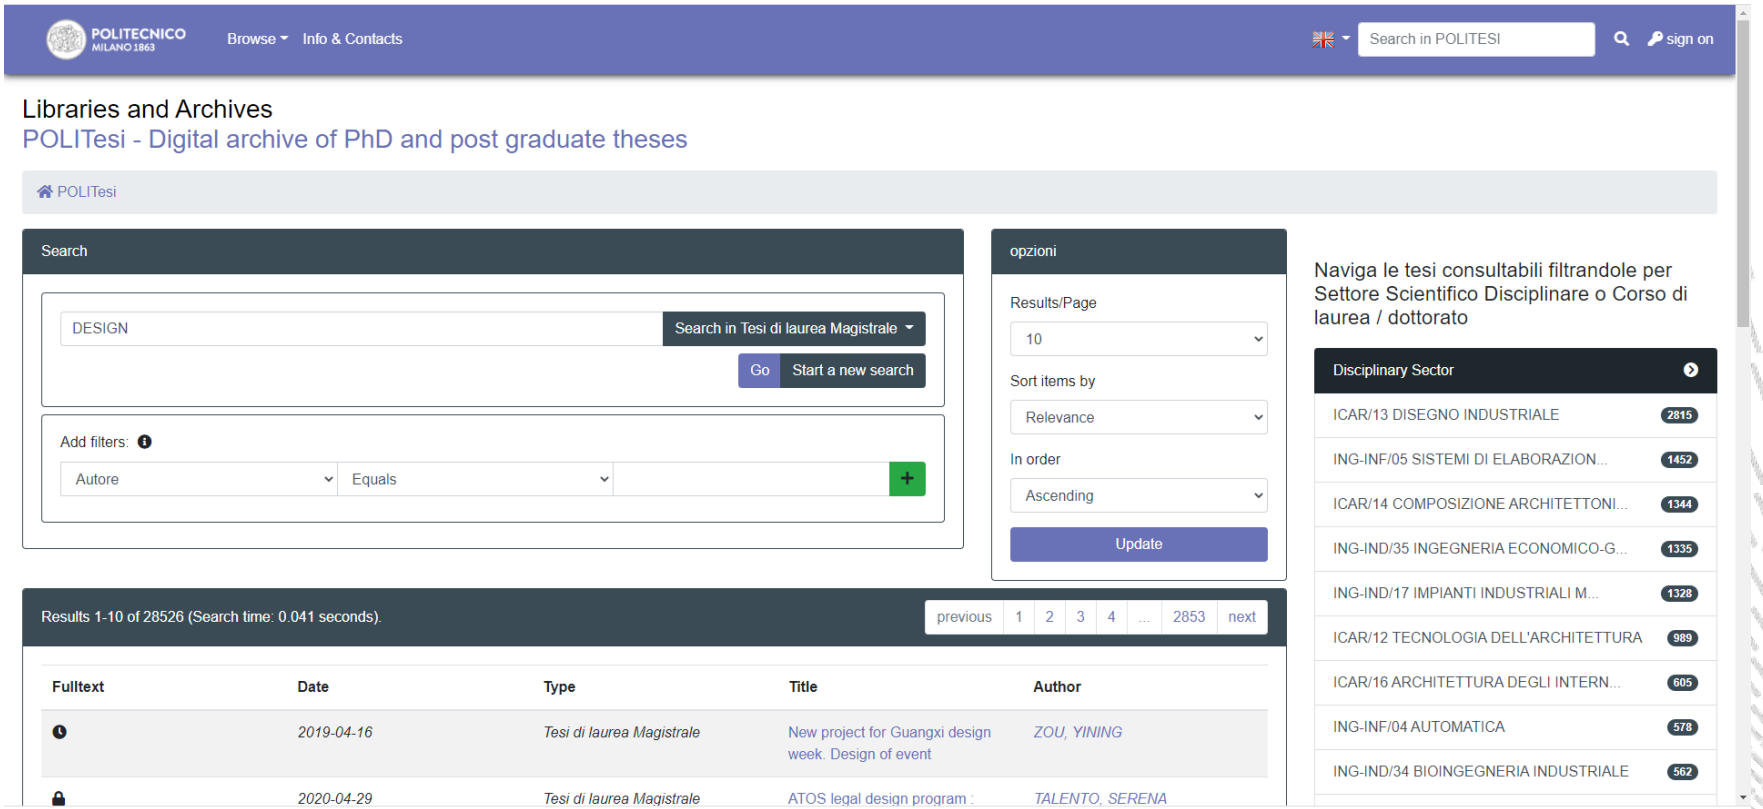
- ✓ **A specific topic of your interest, it can or not be connected to one of the courses you've done within the MSc Program**
- ✓ **Connected to the Internship**
- ✓ **Proposed by a Professor**

The definition of the thesis topic is flexible and each MSc student in their second year, have the possibility to decide the best way and moment to start with their thesis definition.

Students from Communication Design can find specific information about the thesis development here: **Gallery Tesi – ENG – DDC (polimi.it)**

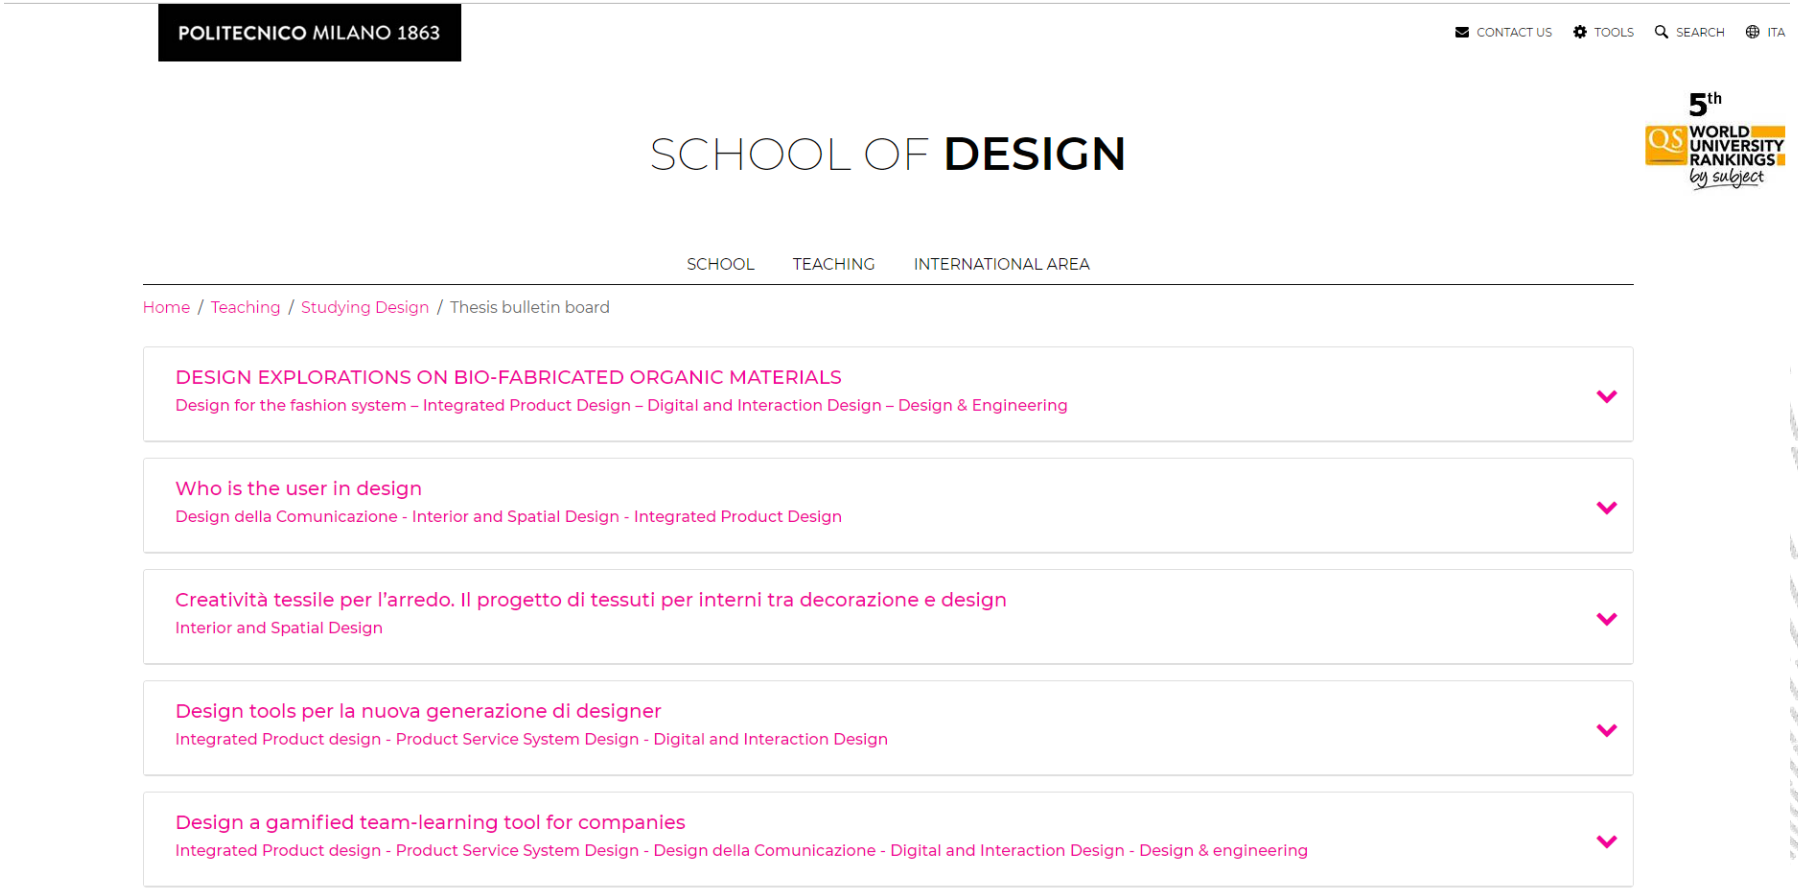
POLITesi Digital Archive

Students can consult online some of the MSc thesis from the previous years to have an idea about the Thesis submitted in your MSc Program: https://www.politesi.polimi.it/



THESIS BOARD

Students can consider the thesis topics proposed by Profesors of the School of Design:
https://www.design.polimi.it/en/teaching/studying-design/thesis-bulletin-board



2. THESIS DEVELOPMENT- Types of thesis

Students from the School of Design have the possibility to select and agree with their supervisor, the type of thesis they prefer to develop among these two types:

Thesis of innovative research	**Thesis of consolidation and refinement of existing knowledge**
"Long Thesis"	**"Short Thesis"**
minimum **6** months	minimum **2-3** month
score range in the final evaluation: **Minimum -1 / Maximum +8**	score range in the final evaluation: **Minimum -1 / Maximum +4**

Thesis of innovative research

“long thesis”

- ✓ Focuses on research topics not yet consolidated
- ✓ Develops a substantial preliminary research conducted with scientific criteria and based on scientific sources (databases, scientific articles, conference proceedings, etc)
- ✓ Aims to broaden the knowledge on a subject and its potential applications on the project.
- ✓ In case of design activity as an outcome it includes prototyping activities

Thesis of consolidation and refinement of existing knowledge

“short thesis”

- ✓ Focuses on topics already consolidated by scientific research and by design applications.
- ✓ In some Programs it could be focused on further developments of the project of the final design studio
- ✓ May provide a small part of research supporting the main assumptions on which the proposed project is based.
- ✓ Focuses on the potential design applications.

3. FINAL DEGREE REGISTRATION - Requirements

- ✓ To have written an **individual thesis** (either a theoretical-methodological deepening, a historical-critical analysis or a project work) under the supervision of a **supervisor from Polimi.** (relatore).

- ✓ To have accomplished **120 credits** of the Master of Science, including the credits of the internship and the credits of the final examination (with the thesis approval from your supervisor).

- ✓ To have accomplished all the **administrative procedures** including being registered to the Final Degree session.

FINAL DEGREE REGISTRATION – When?

You will have to register for the thesis around **two months before** the Final Degree, and once you have **registered all your exams** on your career, including the internship credits.

In each academic year we have four Final Degree Sessions:

- July 2023 (1st session)
- October 2023
- December 2023
- April 2024 (last session of the AY)

Check the Calendar with the specific deadlines here:

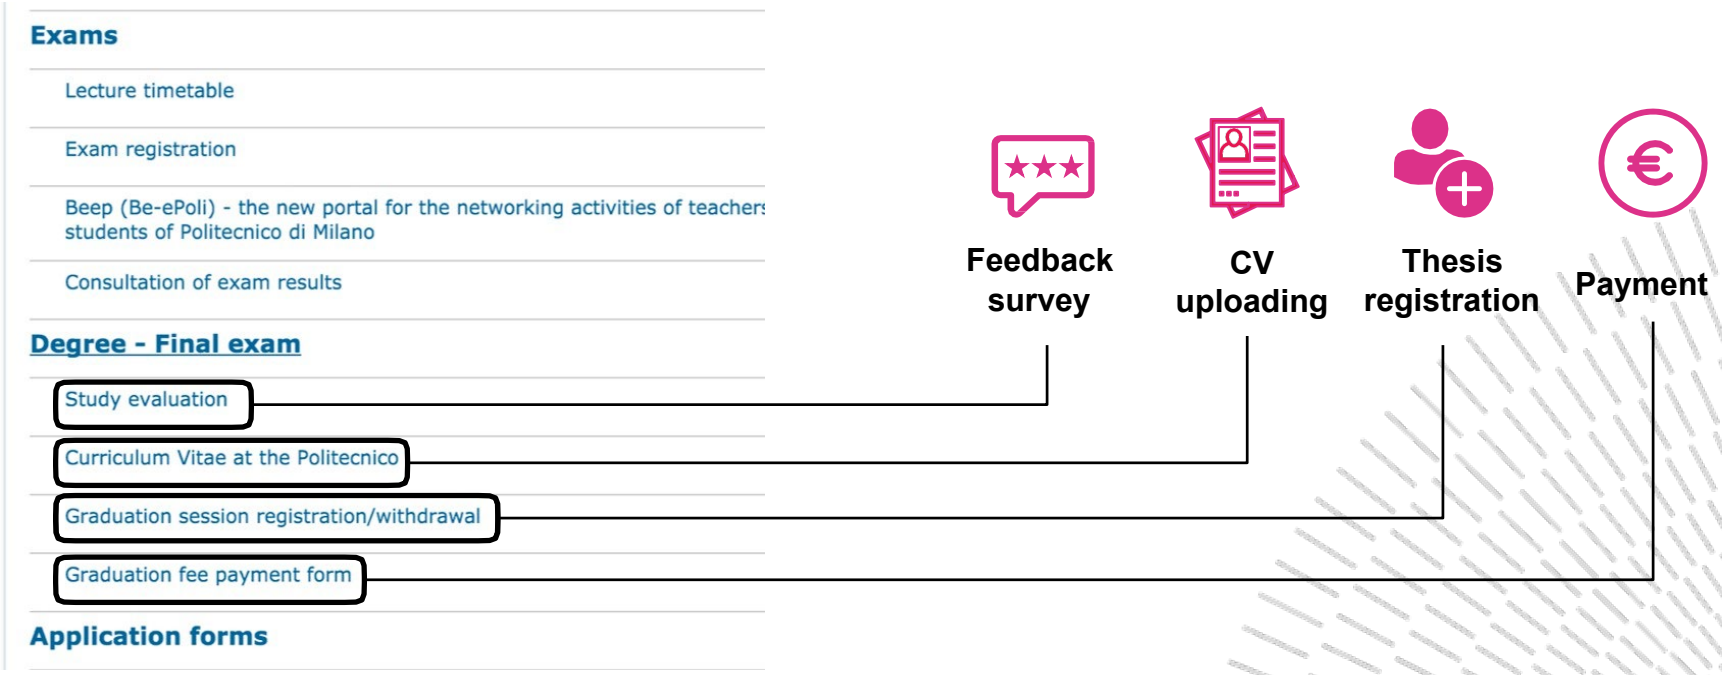
Validation thesis advisor	23/09/2021	09/12/2021	12/04/2022	07/07/2022

Calendar updated for the next academic year will be publish on September.

FINAL DEGREE REGISTRATION – How?

Students need to register for the Final Degree trhough their Online Services area – Degree – Final exam
Remember the registration **closes nearly one month before** the Final Degree session.



Find more details about the registration to the Final Degree examination:
https://www.polimi.it/en/current-students/didactic-activities-and-degree-examination/degree-examination/

If you Have Problems in Finding a Thesis Supervisor

You can contact the academic offices asking assistance to find a thesis supervisors: https://www.design.polimi.it/en/send-an-email
and select **«MASTER DEGREE EXAMINATION»**

Make sure to add the abstract of your thesis topic proposal, in this way they will address your request to the course faculty and find the supervisors that match better to your thesis topic.

International Mobility

SELECTED STUDENTS FOR AN INTERNATIONAL MOBILITY

If you've been selected to do an International Mobility in the next academic year (Short Mobility or Double Degree Program)

Get Informed about the next steps:

Politecnico di Milano: 2 - Before departure (polimi.it)

School: Outgoing Students (polimi.it)

Students who have applied in the 2nd call need to attend the Publication of the first ranking that will be published on **15th June**
Keep an eye on your application– do not miss the acceptance deadlines!!

Politecnico di Milano: 1 - How to apply (polimi.it)

WHAT: Which courses can be validated

Curricular courses registered in your study plan with exception of:

- ✓ The Final Synthesis Design Studio in some programs
- ✓ The Final Thesis (Final Examination)

The Internship can be validated with project-based courses BUT you need to have at least another curricular course to validate with it.

Language courses held in the partner University can't be validated.

More info: School: Outgoing Students (polimi.it)

WHAT: Internship within the exchange

- ✓ Validating the **Internship** attending one or more project-based course/s in the partner University. Just note **that it's not possible to validate ONLY the internship** in the exchange for study. You need to keep at least another curricular course in your study plan to be validated abroad together with the internship.

- ✓ You can verify with the partner university if they offer the possibility to do the internship within the University (in a research lab or didactic laboratory)

- ✓ You can do an external internship in parallel or before or after the exchange period, registering it with SAT office as a normal internship. In this case you won't validate the internship with the exchange.

More info: School: Outgoing Students (polimi.it)

GOOD TO KNOW

- ✓ If in your year of exchange you need to register Elective Courses, and these courses will be validated with the exchange, you should select “Erasmus Experience” at registering your study plan.

- ✓ If you do more credits in the partner University, you can validate them as extracurricular courses, these credits won't count for your degree, but you'll have them in your Diploma Supplement as extracurricular activity.

More info: School: Outgoing Students (polimi.it)

DID YOU MISS THE CALL TO DO AN INTERNATIONAL MOBILITY?

If you missed the application to do an international mobility in the next academic year, you can consider some options to have an international experience.

INTERNATIONAL MOBILITY FOR TRAINEESHIP

ERASMUS+ FOR TRAINEESHIP: A GRANT FOR INTERNSHIPS IN EUROPE! | cm.careerservice.polimi.it

WHAT	**A SCHOLARSHIP FOR** TRAINEESHIP IN EUROPE*
HOW	**ANSWERING THE** CALL ERASMUS+ FOR TRAINEESHIP **opens in April/May - results in June**

INTERNATIONAL WORKSHOPS

Politecnico di Milano and the School of Design have an important number of partner Universities.
Students have the possibility to participate during the year in different international workshops of 1 or 2 weeks as extra curricular activity.
Here some examples:

- IDEA LEAGUE
- ENHANCE
- ATHENS

Some are opened by the School of Design through Passion in Action:

- CHARETTE @ KEA - Copenhagen
- SEAMLESS RETAIL DESIGN - Hasselt
- INSTITUTE WITHOUT BOUNDARIES - Toronto
- ZHEJIANG UNIVERSITY OF SCIENCE AND TECHNOLOGY - HangzHou

Keep an eye on the School Website to keep udated about the different opportunities offered during the year.

Extra Curricular Activities

PASSION IN ACTION

https://www.polimi.it/en/programmes/innovative-teaching/

Is a catalogue of open extra-curricular activities that Politecnico offers to students to support the development of transversal, soft and social skills and to encourage/facilitate students in enriching their personal, cultural and professional experience.

The activity will be recognized in the Diploma Supplement and can award 3 extra-curricular credits as «Design Explorer» activity.
